

1 Chronicles Chapter 13

David convened a council, who was in attendance? What reason did David give for his proposal to move the Ark to Hebron? What decision did they make?

“David assembled all Israel... to bring the ark of the God”. Presumably a team of a few dozen men – at the most – would have been sufficient to transport the ark. Why require the whole nation to show up?

What emotions did David experience in verses 11 and 12? Was his reaction justified?
