

## **2 John**

What is “the truth that resides in us”? [2] What blessings are promised to those who have that truth? [3]

What relationships exist between “truth” “love” and “commandment”? [3-6] (Are they each a part of some greater entity? Or perhaps they are different faces of the same object? Or maybe a series in which one leads to the next and then the next? Are they generated within us or imparted to us from an external source? Can you have one without the other?)

What truth do the deceivers deny or distort? [7] What truth about the day of judgment does John allude to when he says “do not lose the things we have worked for”? [8]

What losses does John warn against in verses 8 and 9?

We are taught in several places throughout scripture about our duty to provide hospitality to others. However, John commands us not to offer hospitality to a specific group of people; who are they? and why must we avoid them? [10-11]

**Next week:** 3 John.
